Inside Poll Observers, Outside Poll Greeters

Fellow Democrats,

Seven hundred Democrats came out to the Early Voting Kick-Off Rally. Hope you were there. We had great spirit and more than one Democrat told me that it was the best event they had attended. People came from Pamlico and Carteret counties to share the Democratic feeling proud mood. Congressman G.K. Butterfield joined us along with Ken Lewis who represented of the Elaine Marshall Campaign and the State Coordinated Campaign. Much appreciation goes to Representatives William Wainwright and Alice Underhill for supporting such a wonderful event. It was a great start, but now the real work must be done.

I want to thank you for all that you do as Democrats, but we can do more! We can elect those candidates who have worked long hours themselves with a vision to move our state and county forward and keep improving our quality of life. We can work to replace the do-nothing Republicans with Democrats who want to be a part of the vision moving our state and country forward.

I don't know about you, but I don't want the Tea Party to make the decisions about my life, the life of my children, or the future of my grandchildren. I do not want Republicans elected whose only vision is to block our country moving forward and to turn our country back into the worst mess that it has been in since the Great Depression.

Republicans will control North Carolina far into the future if we do not work to elect Democrats in this election—right now! Democratic control of the North Carolina Legislature means a strong vision for the future and Democrats will continue to be elected to Congress from North Carolina. Republican control of the Legislature means moving back into the past and big money special interest choices being put ahead the rest of us – the people. The controlling party will have the pen to write the redistricting lines!

We each have a choice — we can stay at home and watch pundits on TV who get paid to say what they think will just keep us watching more TV or we can take charge of our lives and get out and work to elect the candidates who will give us a better future. **We can grumble over the breakfast table that it looks bad for Democrats or we can get up, go over to that telephone, call 636-0305 and ask how can I help? Then check the voting schedules, call your Democratic friends and take them to vote. YOU CAN MAKE THE DIFFERENCE IN YOUR FUTURE!**

**FROM THE CHAIR -
David Young**

Friends,

...The stakes are too high to wait until Election Day to vote. According to their own propaganda, Republicans will roll back health insurance reform, cut programs that help our elderly and disabled, and erode public education.

To keep North Carolina moving forward, we have to maintain the majorities in the State House and Senate, send Elaine Marshall to the U.S. Senate, protect our Democratic Members of Congress, and elect fair-minded judges.

We're proven leaders with experience balancing the budget, protecting the classroom, and keeping North Carolina among the top states in the nation in business growth and job creation even in tough economic times.

So the choice boils down to a simple driving lesson: To move forward, vote D. To move backwards, vote R.

Keep North Carolina moving forward by going to your nearest polling place between now and October 30th and vote Democratic.

Sincerely,
David
